4. Quality Assurance

Quality is managed through layered checking, so that problems are found and fixed by us before the school notices them. The framework is aligned with BICSc best practice.

Frequency	Who	What happens
Daily	Site Supervisor	Checks every washroom and a sample of rooms against the specification; signs off the handover log; corrects issues before the end of the shift
Weekly	Area Manager	Formal scored audit of a sample of rooms and all washrooms, with photographs; same-day feedback to the School Business Manager
Monthly	Area Manager with School Business Manager	Joint audit walk-round; monthly contract meeting; KPI and hours report issued
Termly	Managing Director and Trust	Trust-level review of performance across all four schools and the coming term's programme

IF AUDIT STANDARDS ARE NOT ACHIEVED

Stage	Action
1. Immediate rectification	Any item below standard is corrected the same shift or before the next school day, and re-checked by the supervisor.
2. Root cause and re-audit	The Area Manager identifies the cause (time, method, equipment, training or staffing) and re-audits within 5 working days.
3. Improvement plan	If the target is missed two months running, a written improvement plan is agreed with the school, with actions, owners and dates.
4. Escalation	Persistent under-performance is escalated to the Managing Director and reviewed with the Trust.

PROPOSED KEY PERFORMANCE INDICATORS (SELECTION)

KPI	Measure	Target
Cleaning standard	Monthly audit score per school	≥ 90% (below 85% triggers improvement plan)
Washrooms	Washrooms passing daily supervisor checks	100%
Urgent response	Spills, bodily fluids, H&S issues during cleaning hours	Within 1 hour
Safeguarding	Enhanced DBS and safeguarding training before starting on site	100%
